

Proven Process, Proven Results

Build Better, Faster With Industry-
Leading Expertise

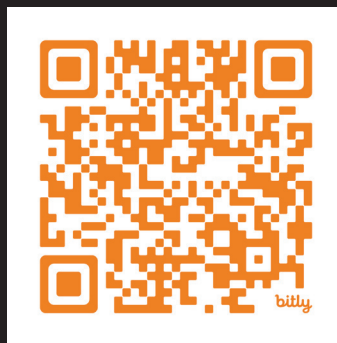

1. **Get a quote** and get to know our engineers.
2. **Build a prototype** with a hands-on design process.
3. See our experts **bring your parts to life**.
4. **Rigorous QA** to meet the highest quality standards.
5. All-in-one packaging, assembly, and **on-time delivery**.
6. **Lifelong customer service**, including revisions and repairs.

*"Dynamic is on time and
right the first time."*

DYNAMIC

PRECISION MOLDS + MOLDING

**Precision Molding.
Medical Grade.
Industrial Speed.**

ISO 13485 Certified
FDA Registered
Class 7 & 8 Cleanrooms

Molding Capabilities

- 20+ State-of-the-Art Molding Presses
- Cutting-Edge Inspection Equipment
- Laser Engraving
- Sonic Welding
- Grinding, Turning, Milling
- Mold Transfer Services

Elevate production with small, complex parts crafted to perfection.

Tooling Capabilities

- Wire, Sinker, and Small Hole EDM
- Surface Grinding
- Turning and Milling
- Laser Marking
- Tig Welding

Create cutting-edge product molds with unmatched convenience.

World-Class Molding for Any Market

High-Volume Medical Grade Engineering:

Stands up to the strictest regulations

Fast, Affordable Industrial Molding Solutions:

MedTech quality without MedTech costs

Cost-Effective Domestic Manufacturing:

For medical, dental, industrial, agriculture, and beyond!
